

AMENDMENTS TO THE DRAWINGS

The attached "Replacement Sheets" of drawings include changes to Figures 1-17. The attached Replacement Sheets," which include Figures 1-17, replace the original sheets including Figures 1-17.

Attachment: Replacement Sheets

REMARKS

Applicants have attached revised drawings for the Examiner's approval. In the "Replacement Sheets," Applicants have replaced hand-drawn elements and leader lines with computer generated leader lines to make formal, non-substantive changes to the drawings. Applicants respectfully request that the "Replacement Sheets" be approved and entered in the present application.

Applicants respectfully disagree with the statement in the Notice of Allowability that the claims are allowed because of the combination of the inner and outer tube associated with a "cold pin." There is no limitation of "cold pin" recited in the claims. Applicants submit that the claims are allowable over the cited references since the prior art does not disclose or suggest fluid heat exchangers or fluid heating systems as defined in the allowed claims.

If the Examiner has any question about this application, the Examiner is invited to telephone the undersigned at (314) 726-7524.

Respectfully submitted,

Dated: 03 JUN 05
